Attached news releases reflect NLMC  
being acquired by Captains Management  
and updating its SEC filings. The  
latter is important for financing.  
The terms of our acquisition  
agreement provide for NLMC  
continuing to be a public company  
for 18 months under the ~~same~~  
current management. Moreover,  
Captains are very sensitive to the  
importance of our timely completion  
of Silver City reclamation since they are  
essentially becoming (through us)  
a new public company.

Best,

**NORTH LILY MINING COMPANY FILES FORM 10Q**

For immediate release:

(Denver, Colorado) October 23, 2000. The Board of Directors for North Lily Mining Company (OTC Symbol: NLMC) is pleased to announce the completion and submission to the Securities and Exchange Commission of their Form 10Q for the second quarter of 2000. The Company is once again current as to its Form 10k annual Reports and 10Q Quarterly reports under the Securities Act of 1933, and will be applying for reinstatement to the Electronic Bulletin Board.

On October 16, 2000, Captain's Management Corporation, Inc. and the Company announced completion of agreement for Captain's acquisition of the Company, including its subsidiary, Loanmining.Com ("LMC"). Captain's is acquiring the shares of the Company from its stockholders by exchanging 1 share of the Captain's or every 1.45 shares of North Lily stock. The Captain's shares are to be registered with the SEC and listed on the Electronic Bulletin Board or a national exchange. Captain's will also infuse at least \$360,000 (while the Company mortgages a portion of its Utah lands), and will be responsible for the development and marketing of LMC's interactive mortgage website.

North Lily holds approximately 8000 acres of patented mining claims and fee lands located about 70 miles south/southwest of Salt Lake City in Utah. The Company acquired Loanmining.Com, Inc. earlier this year as part of diversification efforts to generate new revenue streams and profits from Internet-related, sub-prime residential mortgage applications. Captain's Management provides and integrates revenue-sharing interactive touchscreen-based marketing and distribution systems, content and merchandising management, dynamic displays for advertising and specialty broadcasting through vertical market applications, virtual inventory systems, and public interactive dynamic display networks.

This release contains certain forward-looking statements. Various factors could cause actual results to differ materially from those projected in forward-looking statements. There can for instance be no assurances about the timing and development of emerging technologies, the timely availability of adequate financing, and the timing of completion of registration with the SEC or listing on a stock exchange. Although the companies believe that the forward-looking statements contained herein are reasonable; it can give no assurance that the expectations are correct. All forward-looking statements are expressly qualified in their entirety by this cautionary statement.

## Captain's Management Acquires North Lily

DENVER, Oct. 16 /PRNewswire/ — Captain's Management, Inc. and North Lily Mining Company (OTC: NLMC) announced today that the two companies have completed their agreement for Captain's acquisition of North Lily and its wholly owned subsidiary Loanmining.Com. Captain's is acquiring the shares of the North Lily stockholders by exchanging 1 share of Captain's stock for every 1.45 shares of North Lily stock. The Captain's shares shall be registered with the Securities and Exchange Commission in a S-4 Registration Statement and are to become listed for trading on the Electronic Bulletin Board or a national exchange. Captain's Management will infuse a minimum of \$360,000 into North Lily and Loanmining.Com. In addition, Captain's will be responsible for the development and marketing of Loanmining.Com's fully interactive mortgage web-site. North Lily is pledging a portion of its Utah properties to secure part of Captain's financing. The President (with the Executive Vice-President as alternate) of North Lily will be added to the Board of Directors of Captain's Management, Inc.

### About Captain's Management Corporation

Captain's Management Corporation, Inc. has engaged in developing vertical market applications, virtual inventory systems and a public interactive display network along with its affiliate Touchvision, Inc., a best-of-breed solution provider for building and managing interactive networks. Captain's Management Corporation, Inc. provides and integrates revenue sharing interactive touch screen-based marketing and distribution systems, as well as, creative solutions to induce customer loyalty and purchases through premiums, clubs and interactive programming. Captain's Management Corporation, Inc. also provides for location and sponsorship related to both interactive touch screen access e-tail and retail. Touchvision, Inc. is a technology company that provides software applications, development, systems integration, and operational support and management, enabling its customers to publish and distribute broadband media, create e-commerce enterprises and provide interactive information and transaction services both over the Internet and through interactive kiosks.

Captain's Management has recently announced joint ventures (involving agreement to supply product) with Malco Theatres, Inc., Security Identification Systems Corp ("SISCO"), and V&R Record Company (d/b/a Homegrown Buzz Distribution Network).

### About North Lily

North Lily holds approximately 8000 acres of patented mining claims and fee lands located about 70 miles south/southwest of Salt Lake City in Utah. The Company acquired Loanmining.Com, Inc. earlier this year as part of efforts to generate new revenue streams and profits from Internet-related, sub-prime residential mortgage applications. The Company submitted its Form 10KSB Annual Reports for 1997, 1998, and 1999 to the SEC on September 27, 2000. They also submitted their Form 10QSB Quarterly Report for the Quarter ended March 31, 2000 on October 9, 2000, and is now preparing its report for the Quarter ended June 30, 2000, as North Lily moves closer to resuming its historical status as a fully compliant, currently reporting company under the Securities Act of 1933.

This release contains certain forward-looking statements. Various factors could cause actual results to differ materially from those projected in forward-looking statements. There can for instance be no assurances about the timing and development of emerging technologies, the timely availability of adequate financing, completion of registration with the SEC, listing acceptance on a securities exchange, competitive results in the market place. Although the companies believe that the forward-looking statements contained herein are reasonable; they cannot give any assurances that the expectations are correct. All forward-looking statements are expressly qualified in their entirety by this cautionary statement.

## **Captain's Management Corporation Signs With WorldCom for 'Proof of Concept'**

LAS VEGAS, Oct 17 /PRNewswire/ — Captain's Management Corporation (also known as "Kiosk Solutions and Management International, Inc. or "KSMI"), a Nevada Corporation, has entered into an agreement for WorldCom to provide KSMI's Broadband Network with the latest fixed wireless access technologies. WorldCom will be utilizing a licensed radio frequency known as MMDS spectrum as well as traditional access methods such as T-1's and DSL service. The MMDS spectrum is presently being beta tested by WorldCom in Memphis, Tenn. With this agreement both WorldCom and KSMI will be collaborating to "prove the concept" of both MMDS utility as well as KSMI technologies.

KSMI has developed proprietary technologies utilizing dynamic displays, integrated software, site based access stations for content distribution and demographic adaptability. KSMI recently entered into an agreement to install systems in MALCO theatres for the display of multi-media digital content which include broadcast of "trailers," promotional material, loyalty program information, and on-site production of video and audio products. The advantage to KSMI for using the WorldCom MMDS spectrum technology and its support team is the availability of a variety of broadband solutions to meet these connectivity needs.

### **About Captain's Management Corporation**

Captain's Management Corporation, Inc. has engaged in developing vertical market applications, virtual inventory systems and a public interactive display network. Captain's Management Corporation, Inc. provides and integrates revenue sharing interactive touch screen-based marketing and distribution systems, as well as, creative solutions to induce customer loyalty and purchases through premiums, clubs and interactive programming.
